

Teeter Totter Rules

Overall

Open to any vehicle. The vehicle has 2 minutes to balance the Teeter Totter. The balance must remain stable for 8 seconds with the lowest side of the Teeter Totter no less than 24 inches from the ground. If a Vehicle is not able to balance within the 2 minute time frame no time will be recorded.

Safety Requirements

All Vehicles must be inspected and approved by the event safety officials before entering the course.

5 MPH speed limit over the entire facility.

A Roll cage or rollover protection is required.

Driver must wear protective head gear and Seat Belts must be worn.

All batteries must be solidly secured. No bungee cords or tie-down straps. All batteries located in the drivers compartment must be securely fastened down and covered.

No passengers are allowed.

When the safety official notifies you that time has expired you must immediately stop and exit the teeter tooter.

Any driver that is suspected of drinking any alcoholic beverage will not be allowed to enter the course.

All decisions made by the safety officials are final.
